ABOUT JUIT

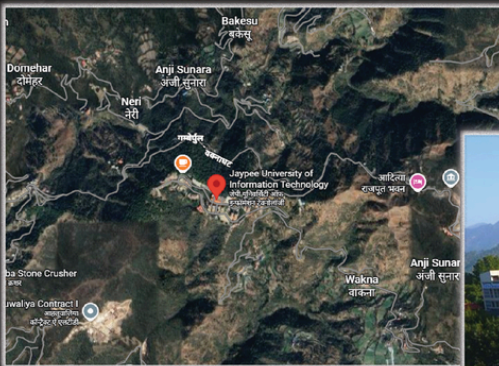

Jaypee University of Information Technology, Wanknaghat is committed fostering a culture of lifelong learning by offering a learner-centric educational approach. This system empowers students with the flexibility to choose their learning path and set their own pace, enabling them to acquire the skills needed to tackle real - world challenges the university equips students with the capability to apply advanced technology solutions ,explore emerging technologies and lead teams in solving complex problems.

The University is lead by distinguished individuals:

Vice Chancellor : Prof.(Dr.) Rajendra Kumar Sharma

Dean (Academics & Research) : Prof.(Dr.) Shruti Jain

Registrar and Dean of Students : Brigadier RK Sharma, SM (Retd.)

ABOUT JYC

The official Governing Body of all the events at **JUIT**, JYC was formed to utilize the immense creativity within students. The JUIT Youth Club aims at developing skills such as teamwork, leadership and hard work through various clubs and committees which are much needed for students to grow into confident people. It also acts as a platform to make new connections and express us in innovative ways by getting recognized for our work.

JYC is headed by the faculty coordinator **Lt. (Dr.) Amit K Jakhar** The enthusiastic members of JYC, led by the student council, work together in making various events held at the college successful.

INTRODUCTION

The **Technical Sciences Movies and Photography Club** at JUIT proudly presents **Murious '20**, the 20th edition of our flagship **Annual Technical Fest** a three-day celebration where technology meets creativity.

Murious '20 features inspiring speaker sessions, intense hackathons, coding competitions, and a vibrant mix of photography, videography, and gaming contests, along with many more exciting challenges. The fest also comes alive with a Grand Cultural Night, blending technology with entertainment.

PRIZE POOL

OUR EVENTS

THE TRIWIZARD QUEST

The Triwizard Quest is a treasure hunt where wit, courage, and teamwork decide the ultimate champions. Participants will face a series of clues, mysterious challenges, and hidden tasks scattered across the grounds.

E- SPORTS

Step into the ultimate digital battlefield where strategy, precision, and reflexes define true champions. Our Esports Championship brings together the fiercest gamers on campus to compete in electrifying titles like Valorant, FIFA, Clash Royale, and Tekken.

OUR EVENTS

REEL RUMBLE

Create a compelling reel around a surprise theme. Use visuals, music, and effects to engage and captivate your audience. Judged on creativity, relevance, and impact. Grab your camera and let your imagination flow!

FRAME IT

Participants are required to roam around the campus and capture the best photograph based on the provided theme, ensuring it is visually appealing to everyone.

Rules are simple, The best shot Wins!!

OUR EVENTS

CODE ROYALE

Code Royale is a high-intensity 1v1 coding battle where participants compete in knock-out rounds to prove their dominance. With limited time and rising pressure, only the fastest and most accurate coder survives each round. Strategy, speed, and sharp logic decide who advances. In the end, one champion will

PROMPT TO DESIGN

WHAT
CREATIVE
PROMPT

Prompt to Design is an AI-based challenge where participants must recreate a given image using only text prompts. Contestants will observe the reference image and generate it through an AI tool.

OUR EVENTS

STORAGE WARS

In "storage wars," students engage in bidding on storage containers using fake currency, inspecting only the exterior. Teams of 2–4 collaborate, emphasizing strategic thinking and resource management. The event fosters negotiation, financial literacy, and teamwork skills in a competitive setting.

CODE IN DARK

Coding in Dark is a two-person team event that tests coding skills and communication. One teammate reads the problem and dictates the code, while the other, blindfolded, types it exactly as instructed. Accuracy, teamwork, and clarity decide the winner.

OUR EVENTS

siamJUIT

TECH TRIVIA

A fast-paced quiz game inspired by the KBC format, featuring multiple rounds of coding, general knowledge, and tech current affairs. Participants earn points each round, with a leaderboard deciding the ultimate winner.

**THEATRE
AND MUSIC CLUB**

OPEN MIC

“Murious Open Mic” In collaboration with the Theatre and Music Club, this stage welcomes poetry, storytelling, monologues, music, and everything in between. Step into the spotlight, share your story, and let your art be heard. Because every voice deserves a stage.
